

April 29, 2019

Dear Student,

Congratulations on your admission to the UCLA Samueli School of Engineering! We look forward to meeting you and your family at Transfer Bruin Day on Saturday, May 11.

Transfer Bruin Day is an opportunity for you to get a feel for student life through campus, dining and housing tours; learn about financial aid resources; explore student clubs and organizations; and hear from current students on why they chose to be a Bruin. This day is an open event and you can create your own agenda.

During the day, UCLA Samueli will host a number of events that are tailored to provide you an in-depth introduction to the school. We encourage you to attend the following:

- 1. UCLA Engineering Welcome & Overview session | 1 - 2 p.m.**  
Learn what UCLA Samueli Engineering has to offer, how to maximize your academic experience, and how the Engineering Transfer Center can help you through your journey. This session begins promptly at 1 p.m. and requires an RSVP (see below).
- 2. UCLA Engineering Transfer Student Panel | 2 - 3 p.m.**  
The UCLA Samueli School of Engineering welcomes all admitted engineering transfer students to a panel discussion by our current engineering transfer students. Hear valuable advice and ask questions about your first year. See below to RSVP for this event.
- 3. Make the most of your UCLA Samueli Engineering experience – Opportunities Fair | 3 - 4 p.m.**  
Learn about the extra-curricular opportunities that will help you make the most of your time at UCLA Samueli. Chat with our engineering design teams and check out their prototypes. Learn about the Undergraduate Internship and Undergraduate Research programs. Tour our new makerspace and learn how to make your engineering ideas come to life. Chat one-on-one with a current engineering transfer student or one of our academic counselors.

If you have not submitted your RSVP, please do so by Wednesday, May 8. Simply log in to your application portal: [www.admission.ucla.edu/myApplication](http://www.admission.ucla.edu/myApplication) and go to the Events tab on the left.

In addition to the formal UCLA Samueli sessions, attendees are welcome to meet our academic counselors at the **UCLA Samueli Engineering booth** located at the Academic & Student Life Fair. Our counselors will be available to answer questions between 10:30 – 2 p.m.

Now that you are officially a Bruin, show us your Bruin spirit in a video or photo with the hashtag #UCLAbound and #EngineerChange. Follow us on Facebook, Twitter (@UCLAengineering) and Instagram (@ucla\_engineering), and we'll share your excitement with our community of Bruin Engineers!

For questions, email the UCLA Samueli Office of Academic and Student Affairs at [discoverengineering@seas.ucla.edu](mailto:discoverengineering@seas.ucla.edu).

We look forward to seeing you in person on Saturday, May 11. In the meantime, here's a snapshot of [UCLA Samueli](#).

Warm regards,

A handwritten signature in black ink that reads "Richard Wesel". The script is fluid and cursive, with the first letters of each word being capitalized and prominent.

Richard Wesel  
Associate Dean of Academic and Student Affairs  
Henry Samueli School of Engineering and Applied Science
